- ❖ In case of any conflict regarding any matter of journal, the decision of publisher will be treated as final and granted to all.

MISTAKE FOUND IN PUBLISHED ARTICLE

Authors are responsible for any mistake found in published paper and they have to answer these queries. If the mistakes are very serious and authors failed to answer them then serious action may be taken against them including withdrawal of their manuscript from online publication.

PLAGIARISM

Authors can not use any sentences, paragraphs, tables, figures, graphs, photos, sketch, images etc. published elsewhere (by authors or others) and are copyrighted without written and signed permission from the concerned person (even if the original work is cited in references).

FABRICATION, MANIPULATION AND FALSIFICATION OF DATA

Any fabrication (making up data theoretically) and fabrication (manipulating research materials, equipments or software to get desired data) will be treated as misconduct by publisher and appropriate action will be taken against such authors.

COPYRIGHT

The articles published in *Journal of Advances in Developmental Research* will be treated as property of the journal and no person can use them as such without prior written and signed permission of the publisher.

RIGHTS OF AUTHOR

- ❖ To make multiple copies (print or electronic) of published article for personal use in teaching and/or research.
- ❖ To present the published article in conference/seminar and to distribute its copies to delegates.
- ❖ Patent and trademark rights.
- ❖ To include the published work in his/her own thesis/dissertation, lecture notes and also in bio-data.

CHANGE IN AUTHORSHIP OR ITS ORDER

Addition or deletion of names of authors and corresponding author or making change in order of authorship or in corresponding author, after submission of the manuscript will be implemented only after receiving the signed statement of the matter from all parties involved. However the decision of the publisher would be treated as final in this regard.

NOTIFICATION OF ACCEPTANCE

The acceptance letter would be send to corresponding author only.

SUGGESSTION OF REFEREE

Authors are welcomed to suggest two names of potential independent reviewers for evaluation of their manuscript but here also the publisher is not bound to send the manuscript to these reviewers.

CONFIDENTIALITY

All details regarding the submitted manuscript and editor's decision on it will be kept confidential and do not communicate to any outside organization or persons except corresponding author.

WARRANTIES AND EXCLUSIONS

We hereby declare that the publisher and team of *Journal of Advances in Developmental Research* are not responsible for any damage to researcher received following the methodology or data presented in the articles published in the journal. All articles published in *Journal of Advances in Developmental Research* are deemed to reflect the individual views of authors and not the official views of either publisher or other person associated with journal.

STEPS AGAINST MISCONDUCT

Failure to comply with the policies described above would be taken seriously and all the necessary steps will be taken against authors including suspension from publishing with *Journal of Advances in Developmental Research* and/or written notification to the person's host institutions. Further, the misconduct would be marked on each page of published PDF file of article.

PEER REVIEW POLICIES

GENERAL INFORMATION

Research papers, review articles and general articles are being peer-reviewed by *Journal of Advances in Developmental Research*. For publications articles should be emailed to pshilpkar@yahoo.com; dshilpkar@journal-advances-developmental-research.com; or shilpkarprateek@gmail.com.

CRITERIA FOR PUBLICATION

Articles fulfilling following broad criteria are being published-

1. It should reflect outcomes which are helpful in overall development of society.
2. It should contain original research supported by well established facts or previous studies.
3. It should contain well organized constructive objectives and detailed methodology of experimentation.
4. It should be interesting tor researchers of other related disciplines.

THE REVIEW PROCESS

All the submitted articles, along with the signed cover letter, are checked initially by publisher for their suitability and formatting. Authors may be asked for necessary corrections in format of articles if it is not as per the journal format. The corrected manuscript is now being sent to reviewers selected by publisher. The comments of reviewer are first seen by publisher to remove any offensive language and comments that reveal confidential information about other matters. Now these comments are sent to the corresponding author to incorporate the comments in manuscript. If corresponding author is not agreed upon some suggestions of reviewer then he/she has to give strong reason for it. The amended manuscript is sent back to the same reviewer and after receiving the positive comments from reviewer the manuscript is being considered as accepted for publication. The corresponding author is informed about acceptance and now it will be published in next available issue of the journal.

The manuscript may be accepted as such; accepted after minor corrections suggested by reviewers; and rejected.

PROOFS

Before final publication a PDF file of proof is being sent to corresponding author for final checking. If the author found any mistake then these mistakes should be written in a separate word file indicating their locations (page number, paragraph number, line number) and correct words. This word file should send back along with the proof to journal's office within 72 hours. After publication a PDF file of published article is being sent to corresponding author and it is the duty of corresponding author to distribute it among other authors.
